

Dear Parents and Guardians,

This letter is to communicate Mead School District's procedure for student meal accounts.

Online Payments

This is the most efficient way to put money on your student's account. Payments made online are posted to student meal accounts several times during the day. At this time, there is no service charge to your credit or debit card. Your student's meal account balance is listed on this website. If the balance is in (parenthesis) it signifies a negative balance. If you don't have a PowerSchool Parent Portal account, please call your child's school office to get an account set up.

Online payments are accepted at meadschools.powerschool.com.

Other Payments Accepted

Cash or personal check payments are also accepted at all school offices and are deposited by bookkeepers as they receive the payments.

Parental Control

At any time, parents/guardians may put purchasing limits on their children(s) meal accounts. Please contact our office at 509-465-6100 for more details. We require parental control requests be in writing.

Negative Meal Account Balances

- Any student requesting a breakfast or lunch will be allowed one regardless of account balance, unless there are parental controls prohibiting meal account purchases.
- Elementary: notification of account balances is only directed to parents/guardians.
- Middle School: notification to students of their account balance occurs if a student has a negative balance and wishes to purchase an ala carte item. Students may request their account balance at any time.
- High School: notification to students of their account balance occurs if a student has a negative balance and wishes to purchase an ala carte item. Students may request their account balance at any time.
- Extra Purchases / Snack Items: snacks or extra items such as additional milk and extra entrees cannot be purchased if a student's account is negative. **Only 1 complete breakfast and/or 1 complete lunch per day are allowed to be charged.**
- Adults must keep their meal accounts positive. No purchases will be allowed that result in a negative balance.

Meal Account Balance Notifications

Notifications to parents/guardians are made twice weekly through email and through School Messenger when student balances are low or negative. In addition, principals or counselors may reach out when 5 or more meals are charged to your students account.

To ensure receipt of these notices please keep your contact information up-to-date. Contact your student's school with any contact information changes.

Meal Debt Payments

If at any time you are concerned about being able to pay for your child's meals, please contact Nutrition Services. It is imperative at all grade levels that parents/guardians keep meal account

balances positive. **Parents/guardians are expected to pay delinquent debt when notified by the school district of the debt.**

Child Nutrition Eligibility & Education Benefit Application

A new application is required yearly for benefits. This application may qualify you for: meal benefits, Summer EBT benefits, reduced fees for other programs and activities, and/or help secure funding for your school district. If you receive a letter from the Nutrition Services office in August stating no application is needed for your child, then your child has been directly qualified through the State of WA. and no application is needed. If other children reside in your household and are not listed on the letter, please immediately contact the Nutrition Services office at 509.465.6100. The quickest way to apply is online at <https://mead.familyportal.com>. Paper applications and translated applications are available at all schools and the Nutrition Services office. Applications are accepted at any time during the year.
