Dear Mead School District Families:

The Mead School District Nutrition Services welcomes you to the 2025-26 school year. This important newsletter includes beneficial **information for all families** in our district. Please read the following sections for information pertaining to your family and visit our website at <https://mead.healtheliving.net/>.

There is a crucial relationship between food and academic performance. We strive to support your child's success by providing balanced meals that include foods that they love to eat. High-quality food is important to us, and we have eliminated all artificial food dyes and high fructose corn syrup, decreased sodium, and increased access to fresh fruits and vegetables. Many of our items are reduced sugar, whole grain rich, low fat, and low sodium versions of your children's favorite grocery store options.

We have several homemade recipes including our Macaroni and Cheese, Cajun Chicken Pasta, Spaghetti with Meat Sauce, Chicken Alfredo, and Nacho Cheese Sauce. Several times throughout the school year we taste-test new recipe ideas with students to see which options might be incorporated into our menu!

Local and regional produce: we are again partnering with Whitestone Mountain Orchard to bring a variety of whole organic apples into all of our schools. A few times each month we purchase local, organic produce to offer students with their lunches. Items we are planning to purchase this fall include blueberries, blackberries, tomatoes, carrots, kale, and parsnips! We will continuously look for new ways to be able to offer our students fresh and exciting food experiences.

MEAL TIME

We are pleased to provide breakfast and lunch for your children that meet federal standards and includes produce from our Farm to School program. Please check your school's website for meal service times.

- **Elementary students** need to be able to say their **first AND last name** loud and clear for the cashier. Please have them practice this important skill to keep the meal lines moving quickly.
- **Middle/High school students** must memorize their 5-digit student ID# (found in PowerSchool and on their class schedule) or have their ID badge. Having this info ready helps our servings lines run smoothly ensuring students get as much time to eat as possible.

MEAL PRICES for the 2025-2026 school year

Students with life-threatening conditions must have physician orders and a health care plan before attending school. Click [here](#) to access Health Care Plans or <https://www.mead354.org/services-supports/health-safety/health-care-plans-forms>

Dear Parents and Guardians,

This letter is to communicate Mead School District's procedure for student meal accounts.

Online Payments

This is the most efficient way to put money on your student's account. Payments made online are posted to student meal accounts several times during the day. At this time, there is no service charge to your credit or debit card. Your student's meal account balance is listed on this website. If the balance is in (parenthesis) it signifies a negative balance. If you don't have a PowerSchool Parent Portal account, please call your child's school office to get an account set up.

Online payments are accepted at meadschools.powerschool.com.

Other Payments Accepted

Cash or personal check payments are also accepted at all school offices and are deposited by bookkeepers as they receive the payments.

Parental Control

At any time, parents/guardians may put purchasing limits on their children's meal accounts. Please contact our office at 509-465-6100 for more details. We require parental control requests to be in writing.

Negative Meal Account Balances

- Any student requesting a breakfast or lunch will be allowed one regardless of account balance, unless there are parental controls prohibiting meal account purchases.
- Elementary: notification of account balances is only directed to parents/guardians.
- Middle School: notification to students of their account balance occurs if a student has a negative balance and wishes to purchase an ala carte item. Students may request their account balance at any time.
- High School: notification to students of their account balance occurs if a student has a negative balance and wishes to purchase an ala carte item. Students may request their account balance at any time.
- Extra Purchases / Snack Items: snacks or extra items such as additional milk and extra entrees cannot be purchased if a student's account is negative. **Only 1 complete breakfast and/or 1 complete lunch per day are allowed to be charged.**
- Adults must keep their meal accounts positive. No purchases will be allowed that result in a negative balance.

Meal Account Balance Notifications

Notifications to parents/guardians are made twice weekly through email and through School Messenger when student balances are low or negative. In addition, principals or counselors may reach out when 5 or more meals are charged to your students account.

To ensure receipt of these notices please keep your contact information up-to-date. Contact your student's school with any contact information changes.

Meal Debt Payments

If at any time you are concerned about being able to pay for your child's meals, please contact Nutrition Services. It is imperative at all grade levels that parents/guardians keep meal account

balances positive. **Parents/guardians are expected to pay delinquent debt when notified by the school district of the debt.**

What if I’m not receiving basic food dollars?

If you have been approved for Basic Food but do not actually receive Basic Food dollars, you may be eligible for free or reduced-price meals. You must apply for meal benefits by filling out a meal application and returning it to your child’s school.

Do my children automatically qualify if they have a case number?

Yes. Children on TANF or Basic Food may get free meals and children receiving some Medicaid benefits may be eligible for free or reduced-price meals without the household having to complete an application. These children are identified by the school using a data matching process. This matched list is then made available to your child’s school food service staff. The students on this list get free meals if their schools have the free and reduced-price breakfast and/or lunch program (not all schools do). Please contact us immediately if you feel your children should be receiving free meals and are not. If you do not want your child to participate in the free meal programs using this method, please notify the school.

If anyone in my household has a case number, will all children qualify for free meals?

Yes. If someone else in the household has a case number, other than a foster child, you must fill out an application and send it to your student’s school. Please contact us immediately if you feel other children in your household should be receiving free meals and are not.

Basic Food - Can I qualify for assistance in buying food?

Basic Food is the state’s food stamp program. It helps households make ends meet by providing monthly benefits to buy food. Getting Basic Food is easy! You can apply in person at the local DSHS Community Service Office, by mail, or online. There are other benefits too. You can learn about Basic Food by calling 1-877-501-2233 or by logging on to <https://www.dshs.wa.gov/esa/community-services-offices/basic-food>.

We are in the military. Do we report our income differently?

Your basic pay and cash bonuses must be reported as income. If you get any cash value allowances for off-base housing, food, or clothing, it must also be included as income. However, if your housing is part of the Military Housing Privatization Initiative, do not include your housing allowance as income. Any additional combat pay resulting from deployment is also excluded from income.

My child’s application was approved last year. Do I need to fill out a new one?

Yes. Your child’s application is only good for that school year and for the first few days of this school year. You must send in a new application unless the school told you that your child is eligible for the new school year.

What if some household members have no income to report?

Household members may not receive some types of income we ask you to report on the application, or may not receive income at all. Whenever this happens, please write a 0 in the field. However, if any income fields are left empty or blank, those will also be counted as zeroes. Please be careful when leaving income fields blank, as we will assume you meant to do so.

Health Coverage

To inquire about or apply for health care coverage for kids in your family, please visit <http://www.wahealthplanfinder.org> or you may call Washington Health Plan Finder at 1-855-923-4633.

What if my child needs special foods?

If your child needs special foods, contact the school’s nurse.

Proof of Eligibility

The information you provide may be verified at any time. You may be asked to send additional information to prove your child is eligible to receive free and reduced-price meals.

Fair Hearing

If you do not agree with the decision on your child's application or the process used to prove income eligibility, you may talk with Jared Hoadley, the fair hearing official. You have the right to a fair hearing which may be arranged by calling the school district at this number 509-465-6000.

Reapplication

You may apply for benefits any time during the school year. If you should have a decrease in household income, an increase in household size, or become unemployed, or receive Basic Food, TANF, or FDPIR, you may be eligible for benefits and may fill out an application at that time.
